

ENVISION

GARLAND, TEXAS

Help create the Garland of the future! Envision Garland is the City of Garland's initiative to develop a plan that will build on today's strengths and shape tomorrow's community. Your ideas and suggestions will help create the quality of life and economic vitality that future Garland residents will enjoy.

At the Community Visioning Workshop, you will share your ideas, hopes and concerns with other people who care about Garland. Together, you'll recommend a vision for our community's future. This interactive session is designed so you can learn about many issues affecting Garland's future and share your suggestions on how to address these concerns.

If you want to be involved but can't join us for the workshop, please stop by during the Open House session. Members of the City staff and consultant team will be on hand to share information and hear your ideas.

Make a difference in your community – participate in Envision Garland!
